RULES: If an animal is owned by members of a traditional family (i.e., father, mother, son or daughter) or by individuals who are currently using a designated herd name at the ADGA office, you may enter your animals as a "herd unit" and be considered as one exhibitor (does not apply to breeder for the purpose of award calculations). In order to qualify as a "herd unit" all animals must be kept in the same herd at the same location. They must also be grouped together on one set of health papers listing the same place of origin. The "herd unit" decision is final on the closing date of entries. Once the "herd unit" option is chosen, all animals entered from the farm must be shown under the "herd unit." An animal owned by any person in the "herd unit" may be substituted for one owned by any other person in the "herd unit."
